## **Volunteer Opportunity for Artistic Teens at the Leesburg Public Library**

**The Leesburg Public Library is looking for teens with artistic and computer graphic talent to help design and prepare bulletin boards for the Youth Services Department. This is a volunteer opportunity, and requires completion of a volunteer application and a regular commitment of time to the library. Projects will be supervised by library staff, and the staff can supply letters of recommendation for students who participate.**

**The library is also looking for teens who would like to participate on a Teen Board to make recommendations as to future programs for the library.**

**If you or your teen is interested in this opportunity, call the Lois Gross, Youth services Librarian, at the library, at (352) 728-9790.**
